Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Sunday 10 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A fairly cloudy night with some scattered showers.

This Evening and Tonight:
Fairly cloudy this evening and overnight with a few scattered light showers possible. A chance of some isolated fog patches developing, and feeling slightly milder than of late, with patchy frost. Minimum temperature 0 deg C (32 deg F).

Monday:
Occasional bright spells, but often cloudy with a few scattered showers. Heavier outbreaks of rain will arrive from the northwest during the evening with strengthening winds and coastal gales. Milder. Maximum temperature 9 deg C (48 deg F).

Outlook for Tuesday to Thursday:
Remaining cloudy on Tuesday with outbreaks of rain at times. Cloudy with further patchy rain on Wednesday, and feeling mild. Drier on Thursday with sunny periods.
